I noticed you have an article attached to your website, Winston Fox. He is my son. I was curious who you got the article from or where you heard about him.. progress since the article. Needless to say he is thrilled with "Lars" .his first game out he made a 37 yard field goal and that was at 7 wks. his last game he kicked it into the enzone. His team won the championship. We live in California and they are due to go to the STATE BOWL December 19th. I believe it will be televised so "Lars" should get some free advertisement as I am sure they will mention Winston's Come back. He had the surgery done by Dr. Duval in Canada. he was great and we couldn't be happier.

Sincerely,
Patti Fox
